Dear Investors

THIS LETTER IS IMPORTANT - PLEASE READ

LF Woodford Income Focus Fund (a sub-fund of LF Woodford Investment Funds II, an Investment Company with Variable Capital) (the "Fund")

As authorised corporate director ("ACD") of the Fund, we, Link Fund Solutions Limited ("LFS"), are writing to you to provide an update to our letter of 30 October 2019. This letter is for information only and no action is required.

Background to the decision to suspend dealings in the Fund

As set out in our previous letter, dealings in the Fund were suspended on 15 October 2019 to protect investors from an increased level of redemptions that we anticipated would follow from the news that Woodford Investment Management Limited ("Woodford") had informed us that it would resign from its role as the Fund's investment manager. We expected that redemptions in the Fund would reach a level whereby it may not have been possible to continue to meet redemption requests without prejudicing the interests of remaining and redeeming investors. This is because as a "forced seller" of its assets to meet redemptions, the values received by the Fund for such assets might be adversely impacted and the Fund might not receive full value from such sales. This may affect the value that investors in the fund receive for their shares.

An update on developments since our previous letter

As advised in our letter of 30 October 2019, we have been working with a leading independent research firm to establish a shortlist of investment managers that we believe are suitable replacements for Woodford as investment manager of the Fund. We have now held initial meetings with the shortlisted managers to confirm their suitability and to explore with them which of the following options best serves investors' interests:

- (a) the appointment of an alternative investment manager to replace Woodford, with us continuing to act as the Fund's ACD; or
- (b) transferring the Fund's assets into another UCITS fund in exchange for investors receiving shares in that fund through a scheme of arrangement.

Please see our letter to you, dated 30 October, and *Questions & Answers* relating to the Fund's suspension at <https://incomefocus.linkfundsolutions.co.uk> for further details on the options above. A copy of this letter will also be available on that website.

We are of the opinion that appointing a new investment manager or facilitating a scheme of arrangement continue to be the options that provide the benefits of continuity and certainty for investors. We will continue to explore these options further and expect to be able to confirm which of them we believe is in the best interests of investors in the next 21 days.

However, if, we determine that neither of those options is in the best interests of investors then we will write to you at the earliest opportunity to explain why we reached that decision. In that scenario we expect that the likeliest outcome will be that we will make an application to the Financial Conduct Authority (“FCA”) for approval to wind-up the Fund through a process of an orderly realisation of the Fund’s assets. This will result in the Fund’s assets being sold in a way that seeks to best protect value and the proceeds of those sales will then be distributed to investors. In the event that we determine that the Fund is to be wound up we will write to you setting out your options.

Continuation of the Fund’s suspension

As the exceptional circumstances that led to the Fund’s suspension continue to prevail we have, in conjunction with Northern Trust Global Services SE, (UK Branch), the Fund’s depository (“Depository”), concluded that it remains in the best interests of all investors in the Fund to continue the suspension of the issue, cancellation, sale and redemption of shares. This will also enable us to conclude our review of the options for the Fund.

In the meantime, Woodford continues to work collaboratively with us in its capacity as the investment manager of the Fund which continues to be managed in accordance with its investment objective and strategy as set out in the Fund’s prospectus. As ACD of the Fund we continue to ensure the Fund is managed in accordance with applicable regulations.

Next steps

What we decide to do next with the Fund will be determined by which option we consider is in the best interests of investors. The options being considered will require approval of the FCA as required by its rules. The Depository will also undertake any necessary due diligence.

Suspension will cease as soon as possible following LFS’s determination of the course of action that is in the best interests of investors. LFS and the Depository will formally review the suspension at least every 28 days since the decision to suspend the Fund and we will inform the FCA of the outcome of that review and any change to the information given to shareholders. This means we will write to you with a further update no later than 10 December 2019.

We will keep all shareholders updated in relation to the suspension, including its likely duration, and our determination of the best outcome for investors as noted above. In the event that LFS does elect to resume dealing in the shares of the Fund we will write to all shareholders informing them of this fact.

This letter is for information only and no action is required.
